WORK EXPERIENCE

Associate Business Analyst Sabre Travel Technologies

04/2019 - Present

Bengaluru, India

Travel Domain

Achievements/Tasks

- Gathered and Analysed the requirements, defined scopes, allocated resources and managed schedules meeting or exceeding project demands for a team of 7 people.
- Documented the same for the development side in a simplified way.
- Identified the requirements to upgrade the product.
- Also an active part of development : Successfully designed and delivered a full stack production ready feature which contributed in achieving a reduction of 1200\$ per month expense to the team.
- Saved on costs by implementing cost-saving initiatives that addressed long-standing problems, by giving suggestions to use JIRA and not Rally as JIRA already supports features which RALLY supports.
- Leads daily stand ups, and ensures that the Agile Methodologies are being practiced by the team.

Intern

Sabre Travel Technologies

01/2019 - 07/2019

Achievements/Tasks

- Fully designed and developed a functional Automating Feature which stopped the third party interaction and saved 1500\$ a month

Intern
