EDUCATION

Course	University / Board	Percentage / CGPA	Year of Passing
BE (Information Technology)	SPPU	70.2	2019
Diploma (Information Technology)	MSBTE	61.63%	2016
SSC	Nashik Board	68.91%	2011

PROJECTS

Smart Billing System in Mall Using QR Code — BE (2019)

This app provides two concepts that are combined together: mall shopping and online shopping. This project is to avoid space and time in the shopping mall.

Interior Decorative Lighting Management” — TE (2018)

This project is developed mainly for sellers in the shop to interact with the customer. The seller is to computerize the easily calculated price and store the data into the system to develop software that is user friendly, simple, fast, and cost-effective.

Beautician App Diary — Diploma (2016)

This app helps the user to schedule his/her appointments, manage the stock, and keep a track of bills. It is all in one portable application that reduces the tediousness of the job. Also, there would be no extra manpower required for assistance as no paperwork is needed.
