Work Experience

CAD Engineer /// July, 2018 -> Now

I am working in ARS Traffic and Traffic Technology, Surat, which is an IT MNC company working for Surat Municipal Corporation on the project of "Surat Smart City". My role in this company is to design structures, maps and create layouts for improving traffic related issues by using AutoCad, Google Map, Google Earth etc. software. The mechanical structure I had made until now are Variable Message Signboard, Speed Violation Camera pole, Traffic Signal poles etc. with the instructions of my supervisors.

Quality Assurance and CAD Engineer ///

September, 2017 -> November, 2017

I had work in Arty Industries, Vapi on contract of CAD Workers Freelancers. In this company I had work on quality assurance of various chemical vessels by inspecting them and making their nomenclatures in AutoCad for improving their quality and maintain them.

Education

Bachelor of Engineer in Mechanical /// 2013 -> 2017

I have cleared my B.E. Mechanical from S.N. Patel Institute of Technology and Research Centre, Umrakh, which is one of the colleges in Gujarat Technological University. I had work on "Fabrication of Three Roller Bending Machine and its Experimental Analysis. I had passed out in distinction with the CGPA of 7.63.

Higher Secondary Certificate in Science Stream /// 2011 -> 2013

I have completed my Higher Secondary Education from Gujarat Higher Secondary Education Board, in the T&TV Sarvajanic Highschool.
