IDE : --

Description:

The Complexity in Maharashtra Value Added Tax Act 2002 is well known to every professional. The frequent selective changes made in the MVAT Act, makes it more critical & complex to plan appropriately and wisely to keep the professional commitments in the 'e' Era.

The software "**MVAT Computation**" provides an easy way of computing, 'e'filing VAT and CST returns authentically in shortest span of time.

Silent Features / Highlights:-

- Direct online 'e' filing on a single click of Original / Revised / Fresh return.
- Online 'C' Form Application.
- Data entry PTE and PTR with return.
- Auto preparation of Audit report 704 with built in remarks and observations.
- Data splitting , merging & Data import / export
- Quick updates in line with the changes in MVAT Laws from time to time.

Roles and Responsibilities:

- Handling whole Report module of this system from developing to implementing
- Designing & Coding for Crystal Reports.
- Merging designed reports & handles its problematic issues.
- Understanding the Requirements, design and develop the GUI
- Coding for connection and retrieval of data using ADO. NET components.
