 - Conducted lectures as well as practicals for the department (first year through final year):
 - Electronic components and its applications
 - Computer Fundamentals
 - Basic Electronics
 - Industrial Electronics
 - Analog Communication
 - Electronics Engineering workshop.
 - Involved in departmental activities.

Curriculum Project

Project: CAR BLACK BOX

Team Size: 3

Roles and Responsibilities: Requirement Gathering, Analysis and Implementation

Technologies: Basic C, Censors, 8051 Controller.

Car black box records different car parameter such as temperature, speed also voice. For the accident analysis these parameters are important which can be obtained from black box. The system records speed of car, distance covered in kms and voice. If a car crashes into another car or object at a force that would require the reason of that situation i.e. why the car accident takes place? Is there was any problems occurs in car engine, it is the exact job of the black box to take in that information and display when that will be open for analyzing purpose

Academic Activities

- Participated in intercollegiate Quiz Competition '**Brain Boosters**' in year 2008-09.
- Presented paper in National level paper presentation competition at '**BHARATIYAM'09**'.
- Participated in '.exe' C-programming contest at '**BHARATIYAM'09**'.

Extra-curricular Activities

- Member of Alumni committee of EESA department for year 2008-09.
- Carried out organization of Fresher Party and Farewell.
- One of the members of organizing committee for **National level Competition ELECTROFEST 2009-10**.
