JUNE 2014

M.SC. COMPUTER SCIENCE, ABASAHEB GARWARE COLLEGE, PUNE

SKILLS :

 Java, Kotlin, XML, JSON, SQLite, Android Studio, Web API's, Data structures.

PROJECTS :

1. Ads2mywallet :
   Ads 2 My Wallet lets you watch ads and earn money. Watch a video or banner advertisement, answer related questions and earn money on correct answers. Answer surveys and let your opinion be heard and get money for the same too. You can transfer the money you have earned into your

Paytm wallet, which can then be used to shop online, top up or pay your mobile bill, pay your electricity bill and much more.

2. Pet mates:
PetMates - Pet Social is a smart mobile app that is designed specifically for the animal loving community and is built to bring together pet owners and animal lovers from all over the country! It is a one stop solution for everything a pet needs. From veterinary clinics to pet shops, dog walkers, pet sitters, groomers, pet friendly places, to animal welfare organisations and a lot more! We are location specific and categorise all our animal pet care services as per each service provider's field of expertise and designated area. Find a vet, groom your pet and find a spot to chill with your bundle of joy. Find relocation services too.
