Technical Skills:
- **Programming Languages: C, C++, Java,** PHP, Python, HTML, CSS, Javascript , Jquery
- **Database:** SQL.

Experience:
- **I have 5 month experience as Digital marketing intern at Edigi Digital Hub.**

Projects Undertaken (Academic):

Diploma project for the academic year
2019-2020

Project Name: Virtual Dressing Room
Team Size: 4
Language/framework: C#, .Net, SQL
Description: A Virtual Dressing Room application is based on an Image processing using Kinect Sensor, represented by a display that outputs the image of the camera. If a person is standing in front of this system, the person will be able to select desired clothes. The selected garment is then virtually superimposed with the image recorded by the camera. It is more convincing for users to have their own 3-D body shapes in the virtual dressing room when they shop clothes online.

Personal Details:

Date of Birth　　　: 3rdMarch 2001
Gender　　　　　: Male
Marital Status　　: Single
Nationality　　　: Indian
Permanent Address : N 52 A-D-2 9/7 SaiBaba Nagar Cideco Nashik.
Languages Known　: English, Hindi, Marathi

I hereby declare that the information given above is to the best of my knowledge true and complete in every respect.

Place : Nashik
